Due to the overwhelming success of the Learning Event (SCRs) held in June, Sefton LSCB will be hosting a further repeat event for the multi-agency workforce. The event is **FREE** to attend and we have again secured actors from AFTA Thought (Training Consultancy) to deliver the learning from Sefton Serious Case Reviews using the 'voice of the child'.

### Who Should Attend:

All staff/volunteers working with children, young people and their families including: all practitioners, managers and senior leaders connected to the children's workforce in Sefton. All welcome.
