

NATURE  
CONNECTED

## Tell Us What You Think!

Saturday 28<sup>th</sup> Sep 2019

### ***A Listening Event as part of the Liverpool City Region Year of the Environment***

This meeting is one of a series of listening events being held across the region– “to help communities connect with nature “

It is a wonderful opportunity for you/your organisation to share your passion for our parks and green spaces, including our green belts, and to tell Steve Rotheram what you think about what is happening and should happen to them!

Listening events will provide crucial material for a major conference on the 8<sup>th</sup> Nov “**Towards a Green Future**” when we anticipate Steve Rotheram will be declaring his aspirations for LCR’s environment

In addition to the workshop we are providing an opportunity to explore our lovely Crosby Coastal Park – an area adjacent to Crosby and Waterloo beach and the famous Iron Men installation.
